TALENT FOR STATE CONVENTION.

Editor Holland of the Stanstead Journal has had some unique and interesting, though not altogether agreeable, experiences in defending prohibition across the line, and Vermonters will be eager to listen to his story of that fight. The W. C. T. U. state convention dates are Sept. 8-10, and one of its strong features will be a mass meeting in the opera hall at which Editor Holland, Rev. Wm. Shaw, and other well-known men will be the speakers. Miss Anna Gordon, long associated with Frances E. Willard in W. C. T. U. work will be present and speak Wednesday evening, the 8th, at the reception with which the convention opens. Mrs. James Borden Estee of Montpelier and Mrs. Mary Grace Canfield of Woodstock, both brilliant women, will be among the speakers, giving suffrage for women the important place which our most thoughtful people assign to it in connection with temperance work. This work is one of the big things which engage the attention of our people today, and it is expected that its convention beginning two weeks from this date will give evidence that Vermont is in no wise lacking in enthusiastic interest.

Schools Open Next Tuesday.

F. Jay Bates has returned from spending the summer in Connecticut and at the summer session of Columbia university, New York, where he spent seven weeks in study, and the professor is busy getting things in line for the new school year which opens Tuesday. The rest of the teaching force is expected the last of the week and the activities of the school will be welcomed. Miss Ferrin has spent a part of her vacation in study at the summer session of Middlebury college.

Owing to the fact that a tuition rate of \$12 per term was printed in the announcement issued by the school trustees it has been reported that there was to be a tuition for local students. This is not true. The tuition rate of \$12 is for students attending our high school from outside this district, and in this event the town from which they come pays the tuition and the new rate is in keeping with the new school laws.

THE COUNTY FAIR

The Most Successful Event in Years. New Departments Prove Valuable. Fine Racing.

The Orleans County Fair last week was a pronounced success. The attendance, while not extremely large, was good, totalling about 12,000 for the three public days. Nearly every department was well filled with exhibits and stock contained more entries than ever before.

The races were particularly good—better than the summary indicates. The track was fast and good time was made. The string of horses was exceptionally large and all were out for the money.

The ball games were fast, especially that on the second day between Irasburg and North Troy. Irasburg won the game by the score of 4 to 3, scoring the winning run in the ninth inning. The game on Wednesday was won by Barton, who played Derby Line and won from Newport on Friday.

There were 11 boys who entered the boys' stock-judging contest and considerable interest resulted. The winners were 1st, Rawson Calkins of Westmore, who stood far ahead of all others and his reward was \$10. Joseph Alexander of Glover stood second and received \$5. E. Aldrich Alexander of Glover was third with a prize of \$3 and Lucian J. Whitehill of Derby won the fourth prize of \$2.

The exhibit of stock this season was well graded and some especially fine registered stock was shown in several departments. Charles Root of Craftsbury had a fine lot of registered Jerseys and Wm. L. Cameron showed others which were equally good. F. P. Eldridge of Glover and F. A. Willey of Irasburg were among the exhibitors of premium stock.

The big string of Herefords from the Marston Stock farm of Orford, N. H., were again shown this season and, while not quite as many in number as last year, the showing was very fine. In the fat cattle line N. G. Simpson of Lyndon Center carried off the prize, which were not taken by the Orford bunch. In oxen and steers Sherman Howland was winner of both first and second premiums. There was a very fair showing in grade Jerseys. Several good specimens of registered Durhams were shown by Season of Lyndon as well as a good number of grade Durhams. In registered and grade Guernsey's Grant White of West Glover showed good stock in both classes, as did A. F. Hinckley. There was a good showing in swine and a fairly good showing of sheep in several breeds. The poultry showing this season was better than ever before, both in quality and quantity. There has never been anything like the amount of poultry shown here before and not only was the large poultry house filled to capacity, but an addition was built on the dog kennel which was accommodated with a number of pens, but which was not adequate to hold them all and many pens and crates were exhibited about the house.

In standard bred horses Sam Bean was a premium winner and in general purpose horses E. Ducharme and H. A. McLaughlin were the prize winners.

In fillies and geldings there were several particularly good entries, as well as in foals of 1915 and in two year olds.

The new departure at the fair this season, of a full fledged baby contest, met with pronounced success. There were twenty-six entrants, from nearly every town in the county and certainly there should have been prizes enough to have gone all the way around. The judges, Drs. Nichols, Lanphear and Buck, had much difficulty in selecting the prize winner, but finally agreed that the dinner set, awarded by the Moxie company and valued at \$30 should go to Miss Leota Ellen George, daughter of Elmer and June Annis George of Albany. In judging, not only is the appearance taken into account, but the weight, chest measurements and age also count. A child over one year old was eligible to contest. The method used in this contest is the same as used at other fairs and contests in New England. Another season it is expected that cash prizes will be offered and there will be more than one prize.

The Poultry premium awards will be published next week.

One out-of-town party driving an automobile during the fair, refused to follow the directions of the village police, and continually ignored the police. If such men can be made to pay substantial fines at each offence, there will be little trouble with taming them.

The next regular meeting of Crystal Lake grange will be held Thursday evening, Sept. 2d at 8 o'clock. A fine program is being prepared and it is hoped that all members will make a special effort to be present. Music for the evening will be in charge of Mrs. May and a social hour will be held.

Mr. Pattee left his horse, Mary Chantrelle, with F. B. Lang to be raced at other fairs in Vermont the rest of the season. This mare is very fast and was an easy winner of second money in the 2.13 class in which race Mr. Pattee himself drove.

A serious accident occurred Wednesday in front of the J. F. Batchelder store, when an automobile driven by Mr. Grant of Graniteville, ran up on the sidewalk and into Archie McDougall, who in his wheel chair was beside the steps leading to the store. McDougall sustained a compound fracture of the leg which owing to his physical condition can only under the most favorable circumstances be other than serious. Mr. Grant apparently became confused and lost control of his car. Mr. McDougall was seated far back on the sidewalk and almost against the store.
